System Furniture	24

At VERCO we **think** as much about **people** and **business** as we do about **furniture**.

With an existing reputation for producing an extensive **range** of **quality** office seating VERCO has quickly established itself in the market place as a **major** manufacturer of **Executive and System Furniture**.

Utilising the latest technology in **manufacturing** plant and machinery, allied to the skills and **craftsmanship** of a dedicated workforce, these products represent the **culmination** of over **90 years** of **experience** within the furniture market.

High Wycombe, synonymous with the **furniture industry** in the **United Kingdom**, is home to VERCO Office Furniture, one of Britain's **leading** office furniture **manufacturers**. Established in **1912** it has **grown** on the same site and **now** occupies over **50,000** square metres of covered **Production** and commercial Space.

The Corniche Desking range represents a **commitment** to providing a range of executive furniture with the **highest** achievable standards of **elegance** and quality.

Desk Tops are 40mm thick with solid **WOOD** lippings all round and with Bull Nose profiles on the front and rear edges. A **choice** of three veneers: **Oak, Cherry, and Maple** and the additional ability to stain to sample ensures that **Corniche** will **enhance** any office environment.

High quality materials, **craftsmanship** and close attention to **detail** is typical of the Corniche range and is **exemplified** by the solid **sculptured** wooden pen tray which is available for all Corniche pedestals.

As **technology** in the office increases then all desking must be able to **adapt** to suit. Through the use of a **simple** yet **efficient** cable management system, data, power and **communications** can be brought into easy reach.

Mobile or Desk Height pedestals,
which suite with the desking, are available for
all personal **storage** requirements.
These units offer a truly **versatile** solution to
the **demands** of every modern workspace.

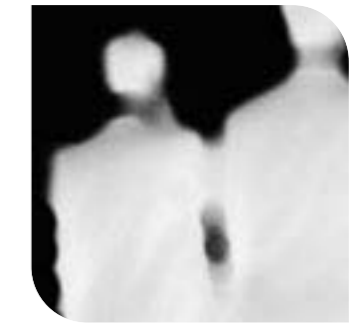

Intuition reflects the traditional VERCO attention to quality and detail. The beauty of real wood is enhanced by simple clean lines, bringing a refreshing European flavour to the modern Executive office. Silver fittings highlight the traditional beauty of the Maple, Cherry or Walnut real wood veneers.

Simplicity of form and function is standard in Intuition where soft and subtle 'organic' desk shapes provide pleasing ergonomic solutions.

A truly **versatile** and comprehensive range, Intuition offers the highest levels of functionality **demanded** by today's modern work practices.

The large **sweeping** work
surfaces of the **wave** and kidney
shaped desks are complemented by the
gently curved crescent desks
reflecting the **gracefulness** of
this distinctive range.

Base units are available with wooden shelves, filing drawers or alternatively accept system internals. High density storage requirements can be satisfied by the high capacity tall storage units, fitted with system internals.

Storage has been designed to offer a range of options and configurations with the same style and versatility seen throughout the comprehensive ranges.

For further information about our seating ranges, please refer to our current Office Seating Catalogue

Continuing the **details** already established in the **Corniche** Desking ranges, these tables represent **unbeatable** levels of **quality** and total **value** for money.

Utilising a modular frame system, **Omnia** may be specified in various **configurations**, creating a **style** as individual as the **people** who use it.

The Premier table collection adds a contemporary feel and timeless elegance, with its architectural style column bases and carefully selected veneers.

The beauty of real wood is enhanced by the simple clean lines and the organic shapes of the Intuition table collection.

Hi Line

Hi-Line has been designed to offer a practical and durable range of executive tables. With the option of two frame styles and solid wood lippings all round, Hi-Line provides a range of tables that withstands continuous everyday use.

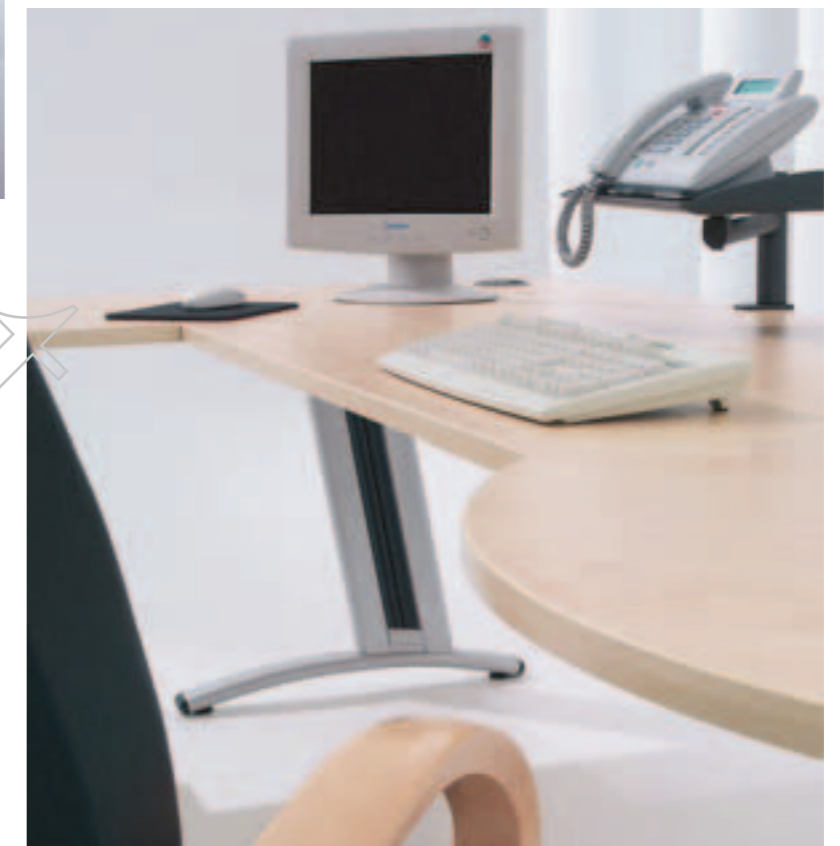

Completing the extensive range of executive furniture these coffee tables combine aesthetics and functionality.

Visual Desking represents simple practicality with the flair to adapt to new configurations, offering enough choice to express the individuality of your enterprise while allowing the freedom to combine advanced technology, personal storage and informal meeting areas in one seamless office.

Available in a choice of three MFC finishes; Oak, Beech and Maple, VISUAL Desking provides the durability, **reliability** and flexibility required by any modern office environment.

Utilising a modular frame system, VISUAL Desking can be specified in various configurations, creating a style as individual as the people who use it.
