

Furniture for modern working

Juno

2007 Specifiers Guide V1

Juno

Juno is a contemporary range of executive furniture for highly specified modern environments.

Its key features include:

- *A simplicity of line, where form follows function.
- *Carefully chosen, high quality contrasting veneers.
- *Comprehensive, high quality storage options.
- *Delivery in 3-4 weeks. Quick and simple installation.

Prices are inclusive of:

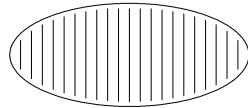

- *Colour brochures and veneer samples sent on request.
- *Free-issue CAD blocks for customers' own use.
- *Space planning, by e-mail or fax, based on customers' own, dimensioned floor-plans.
- *CAD support, on request, with 3D drawings of standard products.
- *Cable management positioned as required.
- *Any combination of the standard finishes.

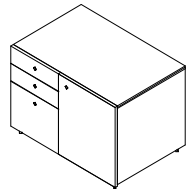

Desk top options:	3
Storage / Support options:	4
Credenzas:	5
Meeting Tables:	6
Cable management:	7
Technical Specification:	8
Footprint Examples:	9

Define your workstation in 3 steps:

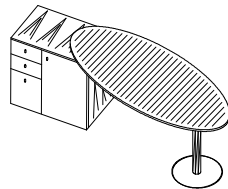

1. Choose a desktop

2. Choose a support cabinet
(Complete with fixing device)

3. Combine them with a support pillar

Standard Veneers – as used on tops and storage.

Selected, hand matched veneers from commercially sustainable forest. This is the ultimate self-renewing natural resource.

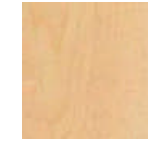

Oak

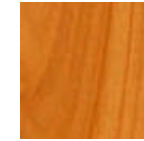

Beech

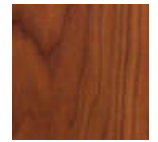

Ash

Maple

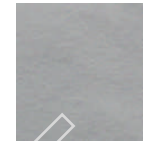

Cherry

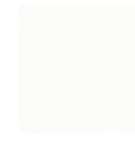

American Black Walnut

Laminates Colours - for desk. Table and counter-tops. Also for storage cabinets

Laminates combine a crisp, clean finish with a hard, slightly textured surface. They are ideal for situations where hygiene is important.

Silver 475

White 410

Black 421

Acrylic – option for storage doors.

An attractive, durable finish for cabinet fronts.

Opal white Gloss
(semi-translucent)

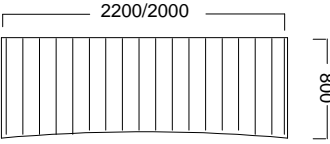

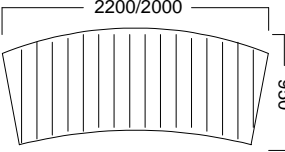

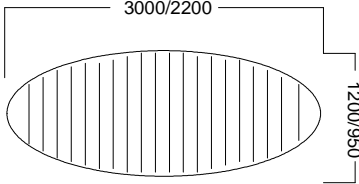

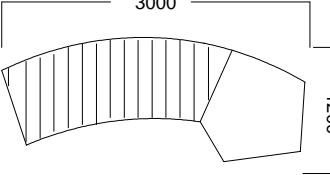

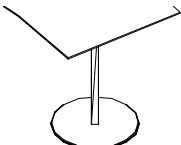

Dual satin
(green frosted
glass look)

Jet black
gloss
