IMPORTANT INFORMATION

FINISHES

The desks, tables and storage within this guide are produced using Melamine Faced Chipboard (MFC) and edged using **Polypropylene edging**. In the main all horizontal work surfaces and storage top panels are 25mm thick. The furniture is available in a selection of wood grain or plain finishes and the seating is available in a selection of fabrics, vinyls & leathers etc which are grouped into price bands as appropriate.

Pastel colours are only available in 25mm for horizontal surfaces.

Metalwork is epoxy powder coated and is available in Black, Grey, White or Silver. Some seating and table products are available with chrome finished metalwork; these are identified within the price list, as are tambour door finishes.

DIMENSIONS

All dimensions are in millimetres. They are marked as A x B x C x D, identified with an illustration or as Width, Depth and Height (W x D x H). All desks, workstations and tables are 727mm high unless

otherwise stated. Storage, seating and leisure products are dimensioned individually. Grain direction is indicated with arrows, where appropriate.

GUARANTEES

Gresham Office Furniture is committed to quality throughout design, manufacture and customer service. All furniture is checked before despatch and should give satisfaction when used for the purpose for which it is intended. To ensure this, we offer guarantees on all of our products.

Fully welded framed deskings – structural lifetime, all other parts, standard deskings, tables and storage – 10 years; seating, screening and selected leisure products - 5 years. These guarantees exclude upholstery and moving mechanical parts. Please see our comprehensive conditions of sales for details.

CONFORMITY

During design and development, Gresham Office Furniture has taken into account British and European Standards to ensure that its products conform. This is backed-up by in-house testing and third-

party certification where appropriate. Some of the compliant standards are:

BS EN 527-1: 2000	Office furniture- Work tables and desks – Dimensions
BS EN 527-2: 2002	Office furniture – Work tables and desks – Mechanical Safety Requirements
BS EN 527-3:2003	Office furniture – Work tables and desks – Methods of determination of the stability and mechanical strength of the structure.
BS EN 1023-1:1997	Office furniture – Screens – Dimensions
BS EN 1335-1:2000	Office Furniture – Office Work Chair – Dimensions
BS 4875 (All parts)	Strength and stability of furniture
BS 5459-2:2000	Specification for performance requirements and tests for office furniture – Office pedestal seating for use by persons weighing up to 150Kg
BS EN ISO 9241-5:1999	Ergonomic requirements for office work with visual display terminals (VDTs)
BS 3044:1990	Ergonomics principles in the design and selection of office furniture
BS 6396:2008	Electrics in office furniture

Whilst every effort has been made to ensure the accuracy of this price list, no liability for errors or omissions can be accepted. Due to a policy of continuing product development, we reserve the

right to change details or discontinue products without prior notification.

All prices featured are recommended retail and are subject to your agreed contractual/discount structure. VAT is applicable at the current rate.

The mark of responsible forestry

F.S.C. Forest Stewardship Council

Its purpose is to promote responsible management of the world's forests through developing standards, a certification system and trademark recognition. The process of tracking a product back to forest is called "Chain-of-Custody (C.O.C.) Certification."

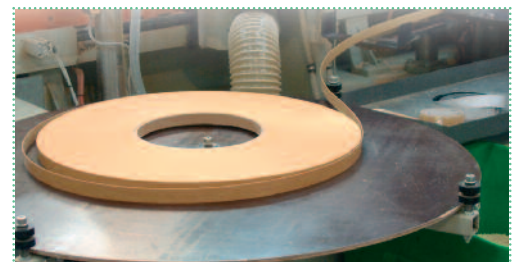

Through the C.O.C., companies can demonstrate their commitment to the environment and responsible forest management.

FSC accredited chipboard at Gresham Office Furniture contains a minimum of 99% certified material. The 1% remaining material, although not FSC, is sourced from non-controversial sources.

No trees are cut down specifically to produce M.F.C.

Edging

Superior high impact resistant edging is used on all our board finishes in preference to the less environmentally friendly Polyvinyl Chloride (PVC).
